## Rebuilding Lives. Building Furniture.

At Purposeful Design, our mission is to re-build the lives of men broken by addiction or homelessness, equip them with valuable work skills and create jobs for those who can't get one. We are a faith-based organization that tries to change the heart. The high-quality furniture creates a revenue stream supporting the primary work of rebuilding lives. Our pieces are made from solid wood and metal. We build items such as conference tables, café tables, community tables, bookcases, desks, reception desks, accent tables, chairs, stools, storage units, wall dividers, stair treads, railings.....
